Pend Oreille Surgery Center celebrates groundbreaking

PONDERDAY - Pend Oreille Surgery Center, LLC. recently broke ground on its 8,400-square-foot, three operating room ambulatory surgery facility in Ponderay. The project will be completed in spring of 2009.

The site of Pend Oreille Surgery Center is 30544 Highway 200. This new center is specifically designed and staffed to provide quality outpatient surgical care.

Owners of the state-of-the-art facility are Michael Di Benedetto, MD; Mark Savarise, MD; Charles Crane, MD; and Bruce Demko, CRNA.

The owners would like to thank the following businesses for their involvement in this project: Panhandle State Bank, Leone & Keeble contractors, Morss Medical Architecture, Reiting & Associates consulting, Gloria Mackin interior design and Shanna Chuma for her graphic design

The anticipated 2009 opening of Pend Oreille Surgery Center will bring another option in health care delivery to the residents and visitors of Sandpoint and Bonner County. This expansion of health care services will provide a means by which to meet the needs of the growing community.
