Terry Reilly Health Services acquires former Penny Wise building in Caldwell

Terry Reilly Health Services will move its Caldwell clinic from behind the West Valley Medical Center to the heart of downtown.

Terry Reilly on March 6 closed on the purchase of the former Penny Wise Drug Store building at 802 Cleveland Blvd., two blocks from the city of Caldwell's Indian Creek Plaza redevelopment project.

"One of the things we're really excited about is being part of what the city of Caldwell is doing in the downtown corridor," said Heidi Hart, Terry Reilly's executive director.

The Penny Wise building has sat empty since the drug store closed in November 2014. The College of Idaho has owned the building since 1986, when it received the property as a gift.

The sale price was not disclosed.

"We had outgrown that facility (on Arlington Street)," Hart said. "We need more space. Caldwell is the place we want to make the next investment in providing accessible health care."

Terry Reilly is a community health center that provides mental, health and dental services. It has 16 clinics in Boise, Nampa, Caldwell, Middleton, Homedale, Marsing and Melba.

Caldwell now has only mental and health services. The Penny Wise building will allow Terry Reilly to add dental, Hart said.

Hart said neither a timeline for opening the new clinic nor the cost of tenant improvements has been determined. Nor has a decision been made on whether there will be a capital campaign.
